Misl-83 1900-01

MUZRAI DEPARTMENT.

OFFICE NOTE.

SUBJECT :— Complaint on the formation of a new road through the Sri Uttaradi Matt building at Hole Narasipur

LAST REFERENCE.

Letter No. 611 dated 17/25th June 1902 from the Dy-commissioner Hassan District.

On the 25th Oct. 1900 Sreenivasa Murthiacharya Shambhogue of the Sri Uttaradi Matt at Hole Narasipur presented a petn. in this office stating that a new road was being formed through the matt by dismantling a portion of the matt's premises (forming the Kitchen

Jeug A

and the kittalu with a well in it-) and thereby rendering the remaining portion of the Math building unfit for purposes of the Math.

This petn was forwarded to the Dy Comm. for report on the subject of the petr's complaint and the formation of the road was directed to be stopped pending orders of Govt on the report called for.

After the issue of 3 Reminders as per margin the Dy Comm. reported under cover of his letter

Docket no 465 dated 25th October 1900.

Thos B

22nd July 1901.

23rd August "

31st May 1902

Hay C.

No 45 of the 16th July 1902

that the construction of the road in question was sanctioned by him with the view of improving the sanitation of the town;

~~He further states that he inspected the town himself and found it quite~~ necessary to open out a road as a large quantity of filth & dirt had accumulated at the place endangering ~~public health and that~~ after the road was made the locality was clean & free from congestion has been consequently relieved The Doctor above further reported that the portion of the

~~had he himself inspected the town and found it quite necessary to open out a road at the place in question as a large quantity of filth and dirt was being accumulated there endangering public health;~~

was acquired for
the purpose did not form
any part of the matt building
as stated in the petn
but was only a part of
the Hittala attached to it
and that the acquisition
of the matt land had not
in any way affected its usefulness
but that it had on the
other hand rendered habitation
& about the matt
eeable & healthy. He
std that when he was
at Pole Narasipur he
med the circumstances
matt authorities & told
an equal extent
wd be acquired &
to the matt on the
other

other side of it- whereby the premises would form a square to which they agreed-

Thereupon an enquiry was made from this office whether on account of the new road, the main building + the cooking apartments (with well) had become separated + whether mud + debris had been thrown against the walls of the main.

no 243 dated 29th July 1902 Henry D

In reply to the above the D Commr: ~~[illegible]~~ Council has with his

letter No. 611 of 17/25th June
1903 submitted a clear
& detailed report with
a plan of the locality — From the letter it appears
that
the old kitchen and
the old well in question
is stated to have been
situated far from the
main building & more
than about 50 yards distant
from it, that the old well
had been abandoned
there being no water in it,
the well near the temple
being used by the math
for drinking purposes.
The old kitchen is stated
to have been in ruins for
the past 20 years, another
Kitchen

Kitchen within the matt building being in use. It is stated that the allegation of the pet. that mud & debris have been thrown against the walls of the matt is not true & that nothing has been done so as to cause damage or inconvenience to the matt.

~~Herewith please find photographs with the details~~

The D. commrs's details report together with the plan are herewith submitted —

Is
3/8/03

Subd to the Devan

The Dr Comrs of Harbour has actually carried out the opening out of the road to the north of the building ~~bounding~~ separating it from its hillside. This has been effected with the view of making a straight road in that locality and in the interests of sanitation The Dr Comrs gives strong reasons for his action and says also that the conveniences of the Matt have not been unfavourably affected. ~~It~~ It is also stated that in lieu of the land taken up for the road, other land will be acquired on the southern side of the Matt and given to the Matt. With this explanation, the arrangements made by the Dr Comrs may, it is submitted, be accepted as satisfactory and the present reference filed.

As, however, I have

to go shortly to Hole Narsipur as directed by the Dewan on another reference in connection with the repairs that are being effected to the Dottarade Matt building, I shall report upon the effect of the opening out of this new road.

Mysore Secretary's Remarks

I was at Hole-Narsipur on the 12th and 13th instant, and saw the road in question on both those days. A broad road with high banks has been.

through the compound (hittalu)
of the Dottaradi Matt buildings,
thus separating the main buildings
from the major portion of the hittal
which contains a well and the
old Kitchen, which last, however,
is in ruins. In making this
road, not only has the Matt land
been taken up, but also a portion
of the old Taluk Cutcherry buildings,
~~taken up~~ and an idol of Ganesa
consecrated in it removed to a
small house by the side of the
new road. There is no doubt that
the road is a work of improvement
to the town. It is made in
continuation of a broad road
already in existence, it affords
a free passage to the narrow streets
behind the Matt and it opens out

that part of the town. In one sense, it is an advantage to the Matt building also, which now has two broad roads on two of sides of it. On the other hand, there is the disadvantage to the Matt of having its well cut off from it, the approach to it having now been rendered very difficult owing to the high banks of the road which have to be descended and ascended before reaching the well. The Deputy Commissioner (Mr. Devaraj Urs) states in his letter No. 611, dated 17th June 1903, that he meant to acquire certain houses behind the Matt and make them over to the Institution in lieu of the land

for the road, but nothing
appears to have been done as yet
in this direction. I think that
this should be done soon, and
further that compensation
should be given by Government
for excavating and constructing
a new well near the existing
kitchen. It has also become
necessary to erect a compound wall
on the side where the road has
been made. The cost of this also
has, in my humble opinion, to be
made good to the Natt. Enquiry
may be made of the Deputy
Commissioner on these points.

The action taken by the
Deputy Commissioner (Mr Devaraj Urs)
was no doubt actuated by a
desire to improve the town and

its sanctation, and it seems undesirable to direct a reversion to the former state of things, but it is certain that he was not justified in interfering with private rights without the sanction of Government, and without heeding the direction of Government to stop the work, contained in this Office letter to him No 465, dated 25th October 1900

Municipality in accordance with the orders of the 26th March 1906.

In reply to the above reference the Deputy Commr states that the Board in their resolution passed by them in the matter on the 28th November 1907 has expressed — inability to meet the cost of these works & the cost of acquiring the houses for the matt alluded to in para 3 of the said Govt Proceedings owing to want of funds at its credit, that if the newly opened road be considered harmful to the matt it would be prepared to deliver back the said portion of land to the matt.

The Dy: Commr states that the Amildar reports that the opening of

* no 1553 dt 18 Jun 07

the road is an improvement to the matt and to the town, that it is rather hard to make the municipality pay a large sum for a small strip of land taken up for the road & that as the encroachment is too poor to meet the C.C., the estimated amount may be more suitable from other funds. He, however, further reports that the Municipality had at its credit only Rs 467-5-2 on the 1st January 1908 as per Comptroller's audited figures, & it is with such a small credit at its disposal it is impossible for the municipality to bear the cost of the estimated work. He adds that on last inspection the new road during April 1908 in Company with the Amildar & the Dist. Divisional Surveyor, ...

File No. of 190 | Muzrai Secretariat

and found it to be a great Sanitary improvement to the town and it is undesirable to revert to the former state of things. The Deputy Commr therefore requests that orders of Govt may be obtained to meet the cost of these works from a special Contribution from the Muzrai State grant for 1908-09 or from Local funds General as the road was opened out with a view to improve the Sanitation of the Holé Narsipur town -

Re 4/8/08 Govt Memo 1st 17/10/08

So far as the muzrai dept is concerned it is the temporary manager of the mutt on behalf of the Swami and cannot and ought not to do any act which would depreciate the value of the trust-property. The mutt is entitled to proper compensation from the muni n L. Govt

GPB 3,000 25-3-07

Serial No.

for a portion of its land being acquired. This compensation has been fixed at the cost of a Compound wall & well & the acquisition of certain houses adjacent to the mutt. The mamlatdar on behalf of the mutt must insist on this being done.

As for funds if the mamlatdar ~~Collector~~ Cannot ~~offer~~ find the funds the L.-D.-B. or L.-D.-F. or the ~~State~~ State should bear the charges. The D.C. should address Govt in the Genl Rev Dept for a grant from L.-D.-F.

So far as the mamlatdar State grant is concerned it ~~is~~ is too much to bear the charge. If approved the D.C. will be informed only

FROM

P. R. W Wetherall Esquire,
Deputy Commissioner,
Hassan District

To

L. Ananthasami Rao Esquire, B.
Secretary to the Government
of His Highness the Maharaja
of Mysore, Muzrai Department
Bangalore.

Dated 18th June 1908
Despatched 19th
Camp Mysore.
Received

General No. 153
No. Camp

Enclosure No. V 8

Sub.

Requesting orders to meet the cost of Rs 1756/- for the construction of a compound wall to and sinking a well in the Sri Ulsoor Math at Hale Hanasur from Mysore State Grant of 1908-09 or from Local Funds General agency to advance of funds at the credit of the Municipality

1907-08.

Deputy Commissioner's office
Hassan District
Dated 18th June 1908
Camp Mysore.

From,

P. R. W. Wetherall Esquire,
Deputy Commissioner,
Hassan District.

To,

L. Ananthasami Rao Esquire, B.A,
Secretary to the Government
of His Highness the Maharaja
of Mysore
Mugrai Department
Bangalore.

Sir,

Adverting to your docket No: 2835 dated 27th November 1906, forwarding an estimate for Rupees 1956/- for the construction of a compound wall to, and sinking a well in the Sri Ellitadi Matt at Hole-Narsipur, and requesting that arrangement be made for the early payment of the estimated cost from the Municipality in accordance with orders conveyed in Government Proceedings No: 4158-61, dated 26th March 1906, I have the honour to invite reference to copy of a resolution passed by the Municipal Board of Hole-Narsipur in the matter

on 28 November 1907 (Vide Feriat No: 21 in the enclosed file of Vernacular papers). The Board has expressed inability to meet the cost of these works, and the cost of acquiring the houses for the Matt alluded to in para 3 of the said Government proceedings owing to paucity of funds at its credit. The Board also states that if the newly opened road be considered harmful to the Matt it would be prepared to deliver back the said portion of land to the Matt.

2. The Amildar reports that the opening of the road is an improvement to the Matt, and to the town, that it is rather hard to make the Municipality pay a large sum for a small strip of land taken up for the road, and that as the Municipality is too poor to meet the cost, the estimated amount may be made available from other funds.

3. The Municipality had at its credit only Rs: 449-5-8 on 1st January 1908, as per Comptroller's audited figures With such a small credit at its disposal it is impossible for the Municipality to bear the cost of the estimated

ated works. I last inspected the new road during April 1908 in Company with the Amildar, and the Sub-Divisional Assistant Commissioner, and found it to be a great sanitary improvement to the town, and as observed by Government in para 3 of the Government order under advertance, it is undesirable to revert to the former state of things. On a consideration of this fact, and owing to paucity of funds at the Credit of the Municipality, I request that you will be so good as to obtain orders of Government to meet the cost of estimated works from a special Contribution from the Mugeai State Grant for 1908-09, or from Local funds General as the road was opened out with a view to improve the sanitation of the Hole-Narsipur town.

4. The vernacular papers ending with General Assistant Commissioner's Jadi No. 981 are herewith submitted for reference, and favour of return.

I have the honour to be,
Sir
Your most obedient Servant.

Deputy Commissioner
Hassan District.

compd.

No. 831

Government of H. H. the Maharaja of Mysore,

Muzrai Department.

Dated Bangalore, 25th August 1908

From

The Secretary to the Government of H. H. the Maharaja of Mysore, Muzrai Department.

To,

The Deputy Commissioner,

Hassan District.

S i r,

With reference to your letter No. 153 dated 18th June 1908, requesting that the sum of Rs 1956 required for constructing a compound wall to and sinking a well in the Sri Uttaradi Matt at Hole Narasipur may be met from the Muzrai State Grant or Local Funds General as the Municipality has no funds to meet the charge, I am directed to state that the Muzrai Department as the temporary manager of the Matt on behalf of the Swamy, cannot consent to any arrangement which would depreciate the value of the trust property entrusted to its care. The Matt is entitled to proper compensation from the Municipality or Local Funds for the property acquired for the road, and the construction of a compound wall and well and the acquisition of certain houses adjacent to the Matt have been agreed to as a suitable equivalent. The Matt cannot but insist on the performance of this contract and if the Municipality is unable to find the funds for the purpose it is open to the Deputy Commissioner to move Government in the General & Revenue Departments for the funds being sanctioned from Local Funds or the General Revenues. So far as the funds at the disposal of Government in the Muzrai Department are concerned I am directed to state that no amount can be spared for the grant which is intended for other purpose.

I have the honor to be,

S i r,

Your most obedient servant,

For Secretary to Governmer
